**COUNTYMANAGER'S RECOMMENDATION OR COMMENTS:** Recommend Approval

**SUMMARY OF INFORMATION:**

On February 13, 2017, the Forsyth Board of Commissioners approved a Resolution authorizing the Forsyth County Historic Resources Commission (HRC) to apply for a 2017 Historic Preservation Fund Matching Grant, a federal program administered by the National Park Service, United States Department of the Interior, to continue the Forsyth County Architectural Survey update. The project would reexamine and document the architectural resources in Forsyth County, as partially inventoried in Phase I and II of the 2006-2009 project. This project would include new field work and research that would include the unincorporated areas of Forsyth County, the Village of Clemmons, and the Towns of Kernersville, Lewisville, Bethania, Walkertown, and Rural Hall and culminate with the development of a manuscript for publication as a companion to the Winston-Salem book.

The HRC was notified on June 29, 2018, that the project was selected for funding in the amount of \$7,500 and received a subsequent grant in 2019 for \$10,000. The project was notified this fiscal year that it was selected to receive a grant of \$15,000. This will be the final year of research and field work for the project. The grant requires a 1:1 match. The County budgeted for a \$10,000 grant in FY2021, with half of the match coming from participating municipalities. This item accepts the grant of \$15,000 and amends the budget ordinance to reflect the full incentive and the increased contribution from participating municipalities. The Community & Economic Development Department will locate \$2,500 in its FY2021 General Fund budget for the additional County contribution.
