Observations and Corrective Actions

Violations cited in this report must be corrected within the time frames below, or as stated in sections 8-405.11 of the food code.

5-205.11 Using a Handwashing Sink-Operation and Maintenance - PF Hand washing sink had ice in it from a patient dumping water into the sink. Hand sinks shall be used for hand washing only. Monitor the sink area as much as possible to prevent incorrect use. If patients use the sink for unapproved uses then clean and sanitize the sink. Recommend keeping the kitchen door closed to prevent unauthorized access to the kitchen. 0 pts.

- 39 3-304.14 Wiping Cloths, Use Limitation C Quat sanitizer solution in wiping cloth bucket checked at 0 on quat sanitizer test strips. Sanitizer solution for wet wiping cloths shall be kept at a concentration as prescribed by the manufacturer. CDI: sanitizer was replaced by PIC to 200 ppm concentration. Soak clean towels in sanitizer before placing in solution buckets to prevent lowering testable amounts of sanitizer, replace sanitizer solution when the water is soiled to prevent lowering concentration of sanitizer solution.
- 43 4-502.13 Single-Service and Single-Use Articles-Use Limitations C Single service bowl used as scoop in a bin of rice. Only approved scoops with handles that can be kept out of the food product shall be used. CDI: PIC removed the single service bowl. 0 pts

Comment Addendum to Food Establishment Inspection Report

Establishment Name: BRADFORD VILLAGE WEST

Establishment ID: 3034160004

Observations and Corrective Actions

Violations cited in this report must be corrected within the time frames below, or as stated in sections 8-405.11 of the food code.

- 45 4-205.10 Food Equipment, Certification and Classification C Repeat: Residential two compartment sink is not approved for use in the establishment. Approved equipment shall be used in the food establishment. Replace the two compartment sink with commercial model. Residential shelf used between two shelves in walk in cooler, replace with commercial shelf or dunnage rack. // 4-501.11 Good Repair and Proper Adjustment-Equipment C Two plastic spatulas are badly chipped, replace damaged utensils. Shelving in walk in cooler is rusted, repair or replace rusting shelves. Sealant between panels in walk in cooler is pulling out and stained. Replace/ seal the gaps between panels to be smooth and easily cleaned. Equipment shall be maintained in good repair.
- 53 6-201.11 Floors, Walls and Ceilings-Cleanability C Repeat: A gap is present around the ceiling and wall in the dry storage. Seal the edges of the wall and ceiling where the walls join to allow for easy cleaning and prevent pest harborage. The two compartment sink cabinet is gapped along the back wall where tile backsplash meets the cabinet. Seal in the gap to aid in cleaning. Physical facilities shall be in good repair to aid in cleaning.
