Boxes w Nesting Activity	39
BB eggs only	07
BB eggs & chicks	01
BB chicks only	19
BB unknown	01
Non-BB	04
BB fledged (box empty)	07

Box Total 43 BB egg count 24 BB chicks 85 BB Fledged 32

Question Received:... "How do you know when chicks are ready to fledge?"

A:... Generally fledging will occur approx 16-18 days after hatch (under normal Conditions).

If you have been monitoring, you will know about when this will happen and can be on the look-out.

Another cue to expect is activity by the parents which includes the offer of food to the chicks from outside the box...
